JMaserejian@TantaraCorp.com**Six-Time Fast 50 Honoree: TANTARA Corporation**

Worcester, MA – Fast 50 honoree TANTARA Corporation was recognized by the *Boston Business Journal* at its annual event in May. Fast 50 awardees are showcased by the *Boston Business Journal* as the fastest growing innovators and leaders of private firms in the greater Boston area.

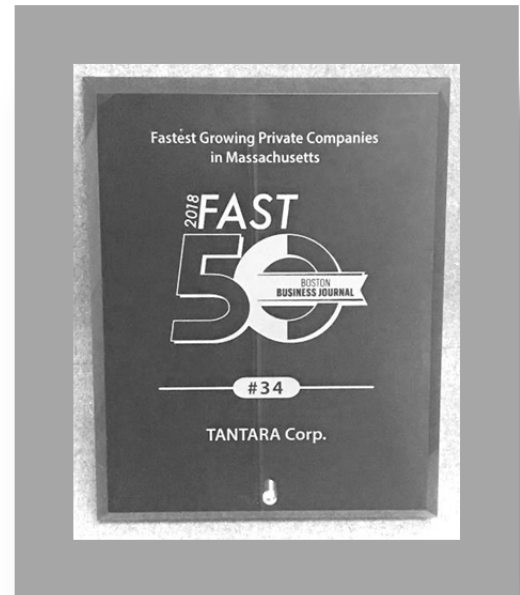

This marks the sixth consecutive year TANTARA has been honored at this event.

The Fast 50 designation is calculated using a financial formula that evaluates revenue and growth from 2014 to 2017. Firms that did not experience a revenue growth of more than 100 percent from 2014 to 2017, generate a minimum revenue of \$500,000 in 2014 and \$1,000,000 in 2017, and not headquartered in Massachusetts were excluded. The data was analyzed by the *Business Journal's* research department and the CPA firm Withum.

Attributed with having increased revenue and growth upwards of 155 percent, TANTARA President Dawn Dearborn stated, "We are honored to have found ourselves on this list and proud to see our very productive workforce recognized in this manner."

TANTARA Corporation, established in 2000, is an environmental remediation, heavy-civil and construction services company headquartered in Worcester, MA. The United States Army Corps of Engineers, United States Navy, United States Air Force, United States Coast Guard, United States Air National Guard, National Park Service, as well as municipal and private-sector commercial, utility and other institutions are included among its client-base. Projects along the East Coast are served from its headquarters or one of several satellite offices established to broaden geographic reach, diversify operations and enhance service to its clients. TANTARA remains competitive while maintaining its small, disadvantaged, woman-owned, HUBZone certifications.
